Procurement Services That Save You Time and Money

Directors Corner

Looking ahead to 2018 ...

Over the past year, KCDA has added three new contract categories, awarded a roofing contract, upgraded our video conference system, negotiated a new labor contract, implemented new internal controls, and hired a new Director of Purchasing. Looking ahead to 2018, we expect to see an increase in student enrollment, higher school construction costs, and an increased scrutiny by the State Auditor’s Office on the use of piggybacking contracts for public works in the K12 market. With the state legislature passing a \$7.3 Billion “McCleary” funding package, KCDA will implement a new set of initiatives to ensure the best service, value, and lowest procurement costs to our membership.

On the warehouse side, KCDA will improve customer satisfaction by transitioning to a new website designed to improve search capabilities, browser speeds, reporting features, and the overall user experience. We will improve on-time delivery performance by ensuring adequate inventory levels, utilizing new performance metrics, and revising our bid language to clearly define vendor expectations for packaging, freight, and lead times. Finally, we will increase the number of orders processed by adding new staff, developing a new vendor management system, and streamlining our vendor ordering procedures.

On the contract side, KCDA will evaluate new bid opportunities that include parking lot repair, fencing, painting, signage, HVAC, and sports uniforms. We will protect our members by updating our bid language to reflect new statutory changes, monitoring contract compliance by our vendors, and reinforcing the legitimacy of using KCDA contracts for public works. Finally, we will work with AEPa to ensure that KCDA members have access to the best nationally bid contracts available for administrative software, copiers, roofing, synthetic turf fields, scoreboards, technology, and track surfaces.

For more than 70 years, KCDA has been a leader in providing centralized procurement services to our member school districts. KCDA helps districts focus their resources in the classrooms by creating volume purchasing and fulfilling bid law requirements. KCDA operates as an extension of your purchasing department, governed by the basic laws and regulations that apply to all school districts in Washington. Every dollar spent using our contracts increases our purchasing power and helps us get lower pricing to our member districts. More importantly, you can be assured that our contracts are safe, legal, and compliant. KCDA is audited annually, resulting in only one finding over the past 14 years.

HVAC Parts, 16-235

Interactive Technology, 17-053

Integrated Security Systems, 17-360

Integrated Intercom/Clocks/Life Safety & Critical Communications, 15-405

Promotional Items, 15-145

Tapes & Adhesives, 18-033

To find consumable warehouse items on these contracts, go to www.kcda.org and login to Supply Link to order, To see detailed information regarding direct ship contracts, click on the Awarded Contracts Link and click on the index to locate our vendors.

KCDA's Ten Year Growth

KCDA has grown steadily over the last decade thanks to the dedicated support of our membership and due to the hard work of our staff in the field and at our warehouse and office facility in Kent, WA. The last 90 days have been an especially significant period for

KCDA with revenue records set each month during August, September and October. Over this 90-day period, our combined three months of revenues have been just over \$82 million dollars! Ten years ago, at the completion of 2007, our revenues were \$88 million dollars for the entire year! We done almost that same amount in just the last 90 days!

KCDA's significant growth over the past decade has been largely due to our members increased use of our direct ship contracts in areas such as modular buildings, interactive technology, artificial turf fields, roofing replacement and classroom carpeting and furniture. Our member's steady use of these and other contract categories has generated KCDA's growth over the last decade!

Looking forward, KCDA plans to continue to offer new contract categories for the use of our membership. If your school district or public agency has a purchasing need that is currently not currently fulfilled by KCDA, please let us know! Our primary goal is to provide our membership with a wide range of cost effective, state bid law compliant contracts designed to save our members time and money. Thanks again to each of our members for their continued support of their member owned purchasing cooperative, KCDA!

*Dane Hewitt
Director of Marketing*

Meet Our Staff - Shaneel Fox Lockard

Much of KCDA's growth over the past year is a result of members engaging our vendor direct contracts such as Roofing or Modular Buildings. Managing these contracts requires both experience and expertise to ensure that these contract categories are legally compliant and ready for use by our school districts and other public agencies. Fortunately, KCDA has Shaneel Fox Lockard, our Contract Procurement Lead, overseeing our wide range of vendor direct contract categories!

Shaneel joined KCDA in March 2016 and brought a strong level of federal procurement experience from her time with Washington River Protection Solutions, an agency engaged in the cleanup of nuclear waste at the Hanford installation in Eastern Washington. Shaneel's procurement experience from this complex federal project has been of significant value to KCDA as she applies her expertise to the myriad of details associated with setting up and managing each of our vendor direct contract categories.

Away from the office, Shaneel is dedicated to animal and environmental causes and devotes her time to groups such as Seattle's Woodland Park Zoo where she volunteers her time as a Community Outreach Ambassador.

KCDA members can engage our vendor direct contracts with confidence knowing that experienced staff members such as Shaneel are on the job overseeing the process to ensure our KCDA contracts are legally compliant and ready for our members use!
