BECKY STRIPP
KING COUNTY DIRECTORS

Dear Becky,

This is regarding your inquiry of March 13, 1992, notifying you that Lab Safety Supply, Inc. is complying fully with the Federal Occupational Safety and Health Administration (OSHA) "Hazard Communication" standard (29 C.F.R. 1910.1200).

The Lab Safety Supply product, RB 809, RB 810, are considered "articles" as defined by the standard. The requirements of the standard do not apply to articles. Products being labeled as articles are considered to be non-hazardous and exempt from the Material Safety Data Sheets (MSDS) provisions.

Your use of these products could effect the stature as articles. Please consult the Federal Standard definition of an article.

Thank you for your interest in Lab Safety Supply products.

Sincerely,

Michael Neely
Technical Service Representative
