Statement of non-hazardous nature of product:

This product has been certified in a program of toxicological evaluation by a medical expert, and review by a Toxicological Advisory Board,* to contain no materials in sufficient quantities to offer an acute or chronic health hazard to humans. In addition, there is no "physical hazard" as defined within 29 CFR Part 1910.1200(c).

Due to the absence of recognized hazards, this product does not require a Material Safety Data Sheet pursuant to the requirements of the OSHA Hazard Communication Standard. However, good work practices dictate that care be taken to avoid ingestion or unnecessary skin contact, and to provide adequate ventilation if spraying or heatsetting in a confined area.

*Certification program of the Art & Craft Materials Institute, Inc.
