

Take advantage of Scheduled Deliveries for Copy Paper!

Would you like to have copy paper delivered to your school on a regular basis without having to place an order for each delivery? KCDA's Scheduled Delivery Program offers our members flexible delivery dates and **guaranteed pricing for the entire 2018-2019 school year** to meet your copy paper needs!

Here's how KCDA's Scheduled Delivery Program works:

Total your annual copy paper needs and let us know how much paper you would like to receive during the coming school year each month, per delivery location. The KCDA Scheduled Delivery program lets you control when you have your copy paper orders delivered and the quantity of paper you receive, per delivery.

Your 2018-2019 Scheduled Delivery copy paper price for Orca Copy Paper 92 Bright / 20 # (Item # 17808) will be fixed at **\$29.96 per case for the coming school year**. Billing will follow each delivery. If you find that you need more or less copy paper for any given delivery, give KCDA Customer Service a call and they will adjust your schedule accordingly.
