

With shrinking budgets and fewer resources, school districts and public agencies are looking to AEPA now more than ever to help meet their purchasing requirements. Collaborative purchasing expertise insures that our contracts are legal, safe, and compliant.

**AEPA contracts are**

- Competitively bid through a single locally and nationally recognized purchasing solicitation
- Tailored to meet each member state’s specific legal requirements
- Supported locally by a service agency serving municipalities and schools

# CITIES, TOWNS, AND COUNTIES

*Nationally Bid,  
Locally Awarded*

The Association of Educational Purchasing Agencies (AEPA) is a multi-state non-profit organization whose members share the common goal of saving public agencies money.

Don’t let our name fool you. While our main audience is public schools, AEPA is extended in many states to serve towns, cities and counties. Think of AEPA for your town offices, parks, pavilions, and athletic fields. We have contracts for playgrounds, digital signage, restrooms and public kiosks, street and other LED lighting, grounds equipment, and much more.

There are no membership forms to fill out or costs to participate. In most cases, customers will work directly with the vendors for pricing and ordering information. Simply contact the vendor(s) you are interested in and request AEPA contract pricing.
