Re: Requests for MSDS for Avery Dennison Materials Group
Pressure sensitive adhesive coated products

To Whom it May Concern:

Recently you requested a Material Safety Data Sheet (MSDS) regarding Avery Dennison Materials Group Pressure Sensitive Products. In accordance with Title 29 Code of Federal Regulations (CFR) 1910, Sections 1200(b)(6)(v), this product is specifically exempted as an article; no MSDS is required.

As defined in this regulation, "Article" means a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.

Sincerely,

Product Compliance
Avery Dennison Materials Group

This product information reflects the current specifications as of the date shown. This technical information is for guidance only and is subject to change. We recommend that the customer conduct qualification testing before printing, converting, or applying any new product.

(1) All claims in the declaration are made by Fasson subject to the liability set out in the Fasson-TERMS & CONDITIONS OF SALE.

(2) This information applies to products supplied directly by Avery Dennison. If these listed product(s) undergo further processing by our customers, our customers are then responsible for assuring that the further worked material complies with all applicable requirements for their own application.

Fasson makes no guarantee of results and assumes no obligation or liability whatsoever in connection with this information.
