

Bus Safety Solutions

School Bus Stop Arm Cameras, Contract 220 - Valid Until October 31, 2019

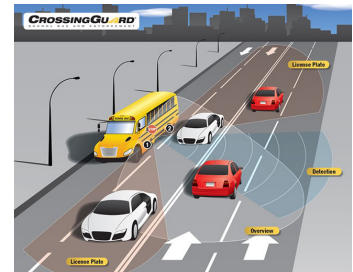

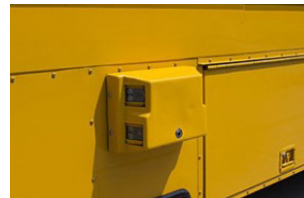

American Traffic Solutions, Inc. (ATS), the industry leader in safety, mobility, and compliance solutions for state and local governments, is pleased to offer the CrossingGuard® School Bus Stop Arm Enforcement Solution through KCDA procurement services.

CrossingGuard is a completely automated, turnkey system that allows school bus drivers to focus on what is most important – the safety of their passengers. External cameras capture an image of a vehicle's license plate and a brief video clip of the entire violation event. More than 99 percent of the drivers who have received a school bus stop arm violation from a CrossingGuard camera, have not received a second.

School Bus Stop Arm Cameras, Contract 220 - Valid Until October 31, 2019

Redflex is a reliable, welcome partner to municipalities throughout the Americas. Since pioneering the Americas' first photo enforcement program more than 20 years ago, Redflex has partnered with more than 500 communities by using the latest technology to help clients improve traffic safety and public security.

Redflex Student Guardian is a specialized camera system that's only triggered to capture data of a vehicle if it passes a stopped school bus while the stop-arm and warning lights are displayed, and children are loading or unloading. No bus driver involvement is required to record or mark the incident. State-of-the-art image recording and data capture technology, providing law enforcement agencies with the information they need to determine whether a violation occurred.

Wireless Bus Security Systems, Contract 215 - Valid Until October 31, 2019

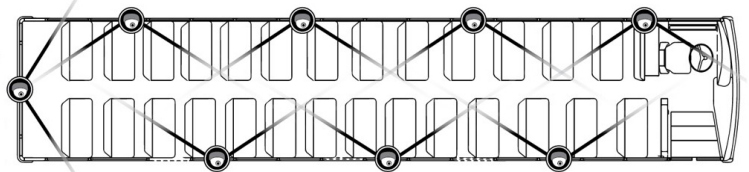

Schetky Northwest is the Nation's longest-established, family-owned bus dealer, Schetky Bus and Van Sales has served our customers' transportation needs for more than 75 years. We attribute our longevity in transportation to providing the best customer experience, and to selling vehicles that are known for their quality and reliability.

Safety from every angle Seon's school bus camera systems capture video and audio of exactly what's happening on the bus and let drivers keep their eyes on the road. Identify bullying, vandalism, student discipline problems, and driver safety issues and get the evidence you need to resolve problems quickly and easily.
