Student Transportatin Solutions

Contract AEPA 026-E - Valid Until February 28, 2027

EverDriven

EverDriven specializes in alternative student transportation solutions
for students with unique needs, including Special Education, McKinney-
Vento, and foster youth. By utilizing a proprietary management system
and a network of highly vetted drivers, they provide safe, reliable,
and cost-effective small-vehicle transportation that fills the gaps
where traditional yellow school buses may not be the most efficient or
appropriate option.

First Student

As the leading school transportation provider in North America, First
Student offers comprehensive fleet management and traditional yellow
bus services backed by decades of operational expertise. They combine
industry-leading safety standards with advanced routing technology
to maximize efficiency, ensuring a dependable and high-quality
transportation experience for school districts, students, and parents
alike.

Highland Fleets

Highland Electric Fleets provides a comprehensive “as-a-service” model
for school bus electrification, featuring their updated RouteX and RouteX
Shift programs. Their services include not only electric vehicles and
charging infrastructure but also full-scale fleet operations with a flexible,
industry-standard daily rate structure and tiered routing options (1, 2, or
3-tier) designed to optimize efficiency and reduce overall transportation
costs for school districts.

Vehicles
