### ***The Return of KCDA's Vendor Expo!***

This September, we welcomed back our school district and public agency members to our Kent warehouse facility for our first Vendor Expo in four years. For anyone who is new to our Vendor Expo, this (free!) annual event gives KCDA members an opportunity to meet with nearly 50 of our awarded contract vendors in a tradeshow setting as they are planning upcoming projects or are simply wanting to learn more about KCDA contracts and vendor offerings. Our exhibiting vendors typically span a wide range of categories, from modular buildings, roofing, and HVAC, to athletic surfaces, sports lighting, playgrounds, furniture, interactive technologies, and many more.

What makes the KCDA Vendor Expo unique from other education-related conferences is that it is solely centered around the interactions between members and vendors. Its four-hour format, including a complimentary lunch, runs for a fraction of the time as a typical conference, making it a very concise, purposeful, and highly productive event for all parties involved. Participating members are able to engage with multiple vendors within a contract category as well as explore numerous contract categories of potential interest to their school district or organization. As this event is hosted by the KCDA team, our Vendor Expo has the added benefit of helping members and vendors put a face to a name for KCDA employees such as field representatives, customer service representatives, and contract and procurement specialists they frequently interact with by phone or email.

This year, attendees from a wide range of school districts and public agency organizations across Washington visited our Vendor Expo. We were especially pleased to welcome members who traveled from Kennewick, Pasco, and Central Valley.

Vendors shared feedback that the right members were in attendance and the quality of member discussions was top notch. Members commented that they appreciated the variety of exhibiting vendors and felt it was a good use of their time to meet and build relationships with so many vendor representatives for the contracts they are interested in using. This event also gave them an excellent opportunity to network with colleagues from other districts as well.

Many thanks to our vendors for making this event possible, and to you, our members, for attending. We hope to see you next year.

**Bart Powelson**  
*Executive Director*

# CUSTOMER SERVICE CORNER

## Easy Ordering Using the Grid Format

While shopping on our website one of the quickest ways to add products to your cart is by using the “+ Add multiple selections to cart” feature. Designed in a grid format you can select your sizes and colors all at once.

When you have an open cart and your product requires multiple choices like (size and color), an ordering option will show under the Quantity/Add to Cart Boxes called “+ Add Multiple Items to Cart”.

**Construction Paper 76Lb Sulphite - 12"x18", Assorted Classic Colors**

This construction paper is first quality, tough enough to take scoring folding and curling without cracking and tearing. 100% sulphite. Qualifying Standard: Tru-Ray, by Riverside.

Price: \$4.63 (1-249 units) \$4.46 (250+ units)

U/M: PKG

Manufacturer#: TRU-RAY PAC103063

KCDA/SKU#: 12"x18" - Assorted Classic Colors - 50/Pkg - 10100

Paper Color: [Color selection grid]

Paper Size: 12"x18"

1 Add to Cart

+ Add multiple selections to cart

When clicking this feature, a grid with columns and rows display the colors and size associated with this product, you just need to add in your quantities to select.

When you are done click on the “Add to Cart” button.

Your cart will be updated without having to add each item individually.

### 7.0 Cu. Ft. Auto Master Control Electric Kiln

This is a large seven-cubic foot capacity and ability to fire to Cone 10, auto electric kiln, great for those who fire porcelain and stoneware. This kiln reliability fires evenly at high temperatures over and over again. Uses 21" shelves, 7.0 cu. ft. chamber size, 23" opening and 27" deep. Shipping weight: 290 lbs.

85600.....208 Volts – 3 Phase Power Supply....\$4080.20

### 2.6 Cu. Ft. Small Single Phase Electric Kiln

Fits most small studios, the size makes it easy to load at 18" deep. This kiln has all the bells and whistles of the larger kilns in a more compact size. Write your own firing programs with up to 32 Segments using Ramp and Hold. Now you can store up to 12 programs or use the tried and true factory set programs in cone fire mode. Built in Diagnostics give you or our technicians the ability to diagnose kiln problems with just a few button presses. Safety features help prevent accidental starts and overfires. Software keeps track of your firing costs and the number of firings. Fuse glass, slow cool cone 6 glazes, grow crystals...whatever you want to program this controller can handle. Stainless steel jacket, UL and CSA listed, 1 year warranty, 145 pounds shipping weight, with kiln sitter and shut off timer.

85601..... 208 Volt ..... 1 Phase ..... Each ..... \$2375.76

### Philips Defibrillator AED Wall Cabinet

Use this basic wall cabinet to protect your Heartstart FRX AED or onsite AED. This cabinet features a basic latch closure and audible alarm (no flashing LEDs) with a reset key switch. The alarm is loud and will sound until reset by authorized personnel and can be disengaged for routine maintenance with a key. The dimensions are 16.5" W x 15" H x 6" D.

52076..... Each ..... \$358.41

### Sprague Rapport Stethoscopes

Ideal for doctors, nurses, EMTs, other medical professionals and students. Includes: 5-in-1 interchangeable chestpiece stethoscope with soft vinyl eartips, three bell sizes, two spare diaphragm sizes, two spare eartip sets in two styles, chestpiece key and accessory pouch.

50044..... Royal Blue ..... Each ..... \$9.25

50043..... Magenta ..... Each ..... \$9.25

### Purell Hand Sanitizer – Pump Top

Kills 99.99% of most common germs without water or towels, dye free with moisturizing system to prevent dry hands. With pump top.

31459.....12 Oz. .... Each .....\$5.44

38024.....50.7 Oz. .... Each .....\$22.41

### Champion Sprayon Air Freshener Spray

A single spray leaves a clean, fresh scent in the air. Completely eliminates unpleasant surface and airborne odors. Water-based air freshener without harmful solvents. 15 Oz. aerosol.

31109.....Lemon Zest Scent..... Each .....\$4.55

31104.....Red Orange Scent ..... Each .....\$4.55

### D-Scum Cleaner

Combination of special acids and surfactants offering a fast, safe, and simple method of removing hard water mineral deposits, soap scum, body oils scale and grime. Dilution: 1:10 – 1:15. 4 Gallons/Case.

38179.....Gallon ..... 4/Case .....\$134.62

### Wasp Bee and Hornet Killer

Recommended for use indoors, in attics and other places where nests are built, and outdoors on wasp, bee, hornet and yellow jacket nests. For the best results, soak the nests with the spray in the evening, after all the insects have returned.

31056.....11 Oz. .... Each .....\$5.14

### Packaged Cellulose Sponge

These cellulose sponges are individually damp packed. Washable. Approximately 6".

33950.....Each ..... \$3.83

### Grip Zone V Foam Footballs

These balls feature a textured grip zone V pattern to give athletes a secure grip for confident passes and catches. The unique lace design makes it easy for players to control the football. Quarterbacks can throw touchdowns with confidence and defenders can practice intercepting passes thanks to the unique design, laces, and textured V pattern, which are combined to give players an excellent grip for enhanced ball control. 8.5" long, color as available.

61848..... 8.5" Long ..... Each ..... \$21.60

### Mobile Sports Ball Locking Locker

Organize and store all your gym balls with this sports locker. It features heavy-duty swivel casters, 1" square black powder coated steel tubing and a lockable top with safety hinges and chains. 30 ball capacity. 47" long x 24" wide x 37" high.

64332..... Each ..... \$648.00

### Bright Atom Interactive Atomic Model

The award-winning The BRIGHT Atom model helps makes science easier and more comprehensible. Based on Bohr's atomic model, it lets every student make their own atoms, isotopes, and ions. The hands-on experience gives the students a natural comprehension of our smallest building blocks, learning the intuitive and self-evident way. Use in secondary education, middle school and high school. This Bright Atom set includes: 4 electron orbitals on the lid and 4 at the underside of the box, 30 protons, 30 neutrons, 30 electrons, instruction sheet, smart storing of subatomic particles inside the box. Easily stored stackable box with lid.

02731..... Set ..... \$49.20

### Simulated Blood Typing Kit

Simulated test for ABO/Rh blood types of four unknown samples. Kit includes four simulated blood samples, one bottle each of simulated anti-A and anti-B serum, 40 blood typing trays and kit also includes one bottle of simulated anti-Rh serum. Material enough for 10 groups.

03059..... Each ..... \$54.35

### Insulated Copper Wire

Copper connecting wire is ideal for use where high conductivity with negligible loss is essential. Color as available.

04842..... Size 22 AWG..... 100' Spool..... \$9.92

### Magnetic Counting Maze

Fun magnetic maze used to build number recognition, practice counting and fine-tune motor skills. The sturdy hardwood board has 10 "gumball machines" representing numbers 1-10, plus 55 colorful magnetic balls for students to count. Kids use the attached magnetic wand to move the balls through the maze and drop them into each gumball machine, counting as they go! Plus, the permanently sealed top keeps everything contained. Maze measures 13" x 14".

42838..... Each ..... \$60.71

### Book Display

This book display features 5 rows of shelving to allow optimal front cover display and at 30" high it's the perfect size for small learners to have quick access to a variety of reading materials. Rounded corners and edges provide maximum safety for your classroom. Constructed out of solid rubberwood, can easily be wiped clean with a soft, damp cloth using a non-bleach solution. Measures 36" W. x 30" H. x 12" D.

42134..... 5 Shelves ..... Each ..... \$183.59

### Large Sensory Table

Children can use this large sensory tub for water and sand learning. It is made with sturdy, durable weather-proof plastic and a rust-proof chrome steel frame. Measuring 36" long x 24" wide x 24" high, it features four casters (2 locking and 2 non-locking.)

42986..... Each ..... \$128.24

### Tomato Paste

Using tomato paste enhances the flavor and body of your favorite sauces without adding any extra liquid. Concentrated, strained tomatoes add an extra-thick and rich texture. Simmered with salt and natural spices, makes tomato paste perfect for chili, soups, and stews. Canned, ready to eat.

48264..... Tomato Paste..... 12 Oz. .... 24/Case ..... \$60.54

### Fruit Juice – Portion Size

These ready to drink fruit juices are single service portion size beverages, convenient for breakfast, snacks, sporting events and more. Brand as available.

48107..... Apple ..... 7.2 Oz. .... 24/Case ..... \$32.55

Lockers, Equipment & Supplies, Bid 21-402 – *Current Vendors:* Northwest School Equipment and Vibetech Specialties LLC.

Telephone Communication Systems, Bid 23-230 – *Current Vendor:* Cerium Network, Inc.

## FROM OUR MARKETING DEPARTMENT

### *KCDA Hires Eastern Washington/Idaho Field Representative*

I'm pleased to announce KCDA has hired a new Field Representative for our Eastern WA and Idaho region. Paul McMakin joined KCDA at the end of October and is excited to work with and support our Eastern region members. Paul is an accomplished sales and account management professional with extensive experience in the human healthcare industry, and for the last 8 years, in the animal healthcare industry specializing in veterinary diagnostic equipment sales. Paul brings to KCDA a passion for working with customers and providing excellent service. He is excited to build relationships with KCDA's Eastern Washington and Idaho members.

A Washington resident for 27 years, Paul (originally from Boston) enjoys exercise and hiking, working in the yard, and trying new restaurants with Jennifer, spouse of 33 years. They have two children, one WSU alum now working on a master's in education, and one senior at Eastern WA University majoring in criminal justice. Fun fact: Paul has 5 brothers and 5 sisters!

Please join us in welcoming Paul to KCDA!

**Paul McMakin**

**800-422-5019 Ext. 135**

@KCDA PurchasingCoop

## 2023 Fall/Winter Holidays

Thanksgiving - Thursday and Friday - November 23 & 24

Christmas - Monday and Tuesday - December 25 & 26

## FROM OUR PURCHASING DEPARTMENT

### *Responding to the Needs of our Members*

Hi KCDA members and vendor partners,

KCDA contracts cover a variety of school supplies and public work projects, and we awarded 7 contracts at the Fall board meetings (September and October).

- HVAC Maintenance, #23-280 (PSF, ACCO, Hermanson)
- Calendars, #24-370 (various vendors)
- Integrated Security Systems & Fire Controls, #21-360 (Honeywell, Siemens, Camtek)
- Binder Indexes, #24-009 (various vendors)
- Wireless Bus Video Security, #22-215, (Schetky, AngelTrax, 247Security)
- Bus Stop Arm Cameras, #21-220, (Verra Mobility)
- Artco Bell Furniture, #21-136, (Artco Bell)

For line-item contracts, KCDA awards vendor partners based on weighted scorecard system consisting of price, minimum order size, delivery lead time, and supply chain disruptions. After awarding, KCDA periodically checks our item prices against those same items offered by Amazon and Office Depot. In response to competitive pricing, KCDA reduced price on its most popular copy paper by 12.1% in 2023.

We carry enough inventories at KCDA warehouse to support just-in-time delivery to schools. Inventory is tailored to meet the needs of schools, not just what an office supply firm would handle. For example, we carry a large inventory of school art and science supplies. The five largest product categories carried in the KCDA warehouse are paper, custodial supplies, office/classroom supplies, art supplies and first aid supplies. Average inventory over the last 12 months was \$8.95 million.

Order Fill and On Time in Full (OTIF) rates for line-items are measured by item and category monthly at the time the order is invoiced. Our actual Order Fill rate on "A" and "B" items in the first 9 months of 2023 is 97.2%, an improvement of 3.4% from 2022. And our actual OTIF rate in the first nine months of 2023 is 96.7% versus 89.2% in 2022.

We are currently exploring additional new bid categories that will benefit our members including Elevator Systems and Electric Vehicle Charging Stations.

In 2024, KCDA Purchasing will continue to create new contract categories and renew existing contracts that are performing well, in order to provide our members with the best possible service. To date, KCDA has managed a total of 82 contract categories through either formal bid solicitation or awarding AEPA (Association of Educational Purchasing Agencies) contract.

Winter is around the corner and KCDA is taking this time to review our services and policies to ensure that we are up to date with the latest industry standards and regulations. We've participated in several events including WAMOA in Yakima WA, and Perkins Coie Construction Workshop in Bellevue WA in Fall to build relationships with our partner agencies and vendors. We are also joining the AEPA Winter meeting in Anaheim CA in late November.

These activities will give us the opportunity to conduct industry research and obtain knowledge on new technology and new products.

**Thomas Kim**
