CROSSINGGUARD™
SCHOOL BUS ARM ENFORCEMENT

Contract Number 17-220

Proven Stop Arm Enforcement Technology KEEPING KIDS SAFE ONE STOP AT A TIME

Verra Mobility is pleased to offer the **CrossingGuard™** School Bus Stop Arm Enforcement Solution.

CrossingGuard is an automated, turnkey system that allows school bus drivers to focus on what is most important – the safety of their passengers. External cameras capture an image of a vehicle’s license plate and a brief video clip of the entire violation event. More than 99 percent of the drivers who have received a school bus stop arm violation from a CrossingGuard camera, have not received a second.

A TURNKEY SOLUTION THAT IS HEAD OF THE CLASS

From violation to paid citation, CrossingGuard takes the workload away from schools so that bus drivers, administrators and educators can focus their time and attention on what matters most: the wellbeing of their students.

INDUSTRY-BEST SERVICES AT EVERY STOP

When you join forces with the industry’s leading road safety camera provider, you’ll have exclusive access to Verra Mobility’s best-in-class services. CrossingGuard comes equipped with all of the tools required to successfully implement, maintain, process and promote your program. CrossingGuard comes bundled with a personalized public awareness program. Engage your community with an effective campaign that consists of press releases, website content, newsletters, brochures, flyers, videos, PSAs, social media and much more.
