

PADCASTER

Where Mobile Video Meets Professional Video

Now on KCDA Contract 22-053

Studio

The Padcaster® Studio transforms your iPad into an all-in-one production studio that is rugged, elegant and versatile so you can create professional video anywhere and any way you want. All you need is an iPad and your imagination.

- Complete video production studio
- All 16 components fit into included backpack
- Shoot, edit and share directly from the iPad

Verse

Padcaster Verse™ is an elegantly simple, completely modular solution that turns any smartphone into a professional-grade mobile production studio.

- Grip adjusts to fit any smartphone or small tablet
- Includes microphone, frame and three-in-one mini-tripod, grip and charger
- Seamless integration with pro filmmaking and livestreaming apps

Parrot

Parrot™ Teleprompter enables you to speak naturally while looking directly at the lens and interacting with your audience. The versatile Parrot™ Teleprompter can mount to Padcaster® for iPad, Padcaster Verse™ for smartphones and almost any standard video camera.

- Includes Bluetooth Remote and Cleaning Kit
- Use with the free Parrot™ app
- Sets up in minutes

PADCASTER

Where Mobile Video Meets Professional Video

Turn your mobile device into a portable video production studio.

Widely used around the world by schools, students, teachers, librarians, coaches, administrators and parents.

- Produce morning news and announcements
- Create or enhance your STE(A)M Lab
- Livestream school sports and events
- Utilize video as a teaching tool
- Explore the next generation of digital learning

"Padcaster transforms the learning experience in the classroom by giving students the power to create."

- Anthony Stirpe, Apple Distinguished Educator (ADE)
