

# Radiance Seating

Reliable seating for all ages that moves easily, stacks securely, and rises to every day's demands

Stackable

Versatile seating

Various seat heights

Radiance Seating is a brighter way to think about learning spaces. Like the sun rising each morning, Radiance shows up dependably when and where you need it. With colors that make your spaces sparkle and a lightweight design that's easy to shift, stack, and store, Radiance helps spaces feel energized, intentional, and ready for whatever's next. It's seating that works across all ages and environments, tying classrooms, libraries, and shared spaces together with a cohesive look and a can-do feel — so your space shines no matter how it's used.

## Features & Benefits

- Rock-solid stacking up to five high saves floor space for worry-free storage in busy classrooms
- A broad color palette makes it easy to match existing aesthetics and coordinate with other Demco furniture lines, including Kalos tables and desks
- Sunburst handle design provides a secure, comfortable grip that makes lifting and stacking effortless
- A full range of seat heights supports learners from pre-K to adults, providing consistent seating solutions throughout entire buildings or districts
- Lightweight polypropylene construction keeps room changes from feeling like a heavy lift
- Design transfers weight directly to frame, delivering durability that holds up day after day
- Ergonomic contoured shell with built-in lumbar support helps eliminate the distraction of discomfort
- Textured seat surface helps prevent slipping while maintaining a clean, polished look
- Easy-to-clean materials allow for fast, frequent maintenance in high-use spaces
