I. About AEPA

The Association of Educational Purchasing Agencies (AEPA) is a school procurement consortium established in 2000 through a Memorandum of Understanding, and incorporated in 2007 under the state laws of Nevada. Currently, twenty-six (26) states have joined to issue simultaneous Invitations for Bids (IFB) generating sales in forty-nine (49) states.

AEPA requires that Bidders only respond if they are able to offer prices equal to or lower than what they ordinarily offer on separate, single school district, single state or multi-state contracts that have equal or lesser volume. AEPA's mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goals include working to secure multi-state volume purchasing contracts with benefits that are measurable, cost-effective and continuously exceed our members' expectations. AEPA is committed to accomplish this mission lawfully and ethically, using leading edge technology and futuristic business practices.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a manner in which they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

Each Member Agency, along with the awarded Vendor Partner, represents, supports and promotes the AEPA contracts within their respective state. While the consortium was initially created to support educational entities, the Member Agency for each state determines which public entities (higher educational institutions, cities, counties, townships, states, etc.) can utilize the competitively bid contracts (see the Summary of State Participation by Bid Category Table).

II. Bid Procedures

A. Issuing Agency

The great benefit to the Bidder is that one response may be prepared for approval by AEPA and award by multiple AEPA Member Agencies and utilized by their Participating Entities located throughout many states. Some of these 26 AEPA Member Agencies have Participating Entities in other non-AEPA states as identified in the Part B - Specifications document. Bidders responding to this IFB will submit their response in the required formats (PDF, Word, Excel) of all files requested along with complete catalogs via Public Purchase by the due date and time of this IFB. Bidders selected in response to this single IFB have the potential to provide products and services to local education agencies serving over 36,000,000 (excludes non-represented AEPA states) students.

Each AEPA Member Agency will individually publish notice of the IFB. Bidders will submit their response online, electronically via Public Purchase (www.publicpurchase.com). Responses will be evaluated by bid oversight committees comprised of AEPA Member Agencies representatives who have indicated they will participate in the category of products and services being solicited, and after AEPA approval, individual AEPA Member Agencies may award contracts to the AEPA Approved Vendor Partners or reject their offers.'

The procurement activities of AEPA are limited to document preparation, distribution of the IFB, initial evaluation, and recommendation for possible approval to AEPA Member Agencies. AEPA consists of agency officials who have agreed to assist one another in meeting the public purchasing needs of local school districts and other political subdivisions.

Contracts awarded through cooperative purchasing must meet the procurement laws of the states of each AEPA Member Agency. When these laws are satisfied, an individual entity using these contracts is deemed in compliance with bidding regulations. As allowed by specific state statutes, they can issue purchase orders for any amount without the necessity to prepare their own IFB, Request for Proposal

(RFP), or Request for Quotations (RFQ). This saves the entity time and allows for economical and efficient purchasing.

State laws that permit or encourage cooperative purchasing contracts do so in the belief that it saves the participants both time and money. Time is saved by having access to volume discounted contracts publicly solicited and being able to purchase what is needed without having to wade through the solicitation process (write solicitation, advertise the IFB, open each response, evaluate and make a selection). Money is saved in procurement cost and lower prices will be the result of volume purchasing. *Therefore, a contract issued by a cooperative can be used by hundreds of separate political units; but if it has the same or higher prices than what a single agency or state contract can get through its own bid, a cooperatively bid contract makes no sense.*

The AEPA policy for membership permits new agencies to become AEPA Member Agencies upon approval of existing members. If additional Agencies are added, they and their members may procure from existing contracts upon approval of the awarded Vendor Partners and in accordance with their state laws.

B. Voluntary Pre-Bid Conference Call

The conference call times are set in the following schedule for each of the four contiguous United States time zones. No pre-registration will be required. D. Bidder Qualifications

An essential part of the bid evaluation process is an evaluation to qualify the company being considered. All bids must contain answers, responses and/or documentation to the information requested in the Bid

Documents. Any Bidder failing to provide the required information/ documentation may be considered non-responsive, this includes submitting a response not in the proper format.

Bidders, within their response, must demonstrate their ability, capacity and available resources to provide the proposed products and services to all of the AEPA Member Agencies indicating an interest in participating in the categories being solicited. The Bidders are required to communicate and demonstrate within their response they have extensive knowledge, background and at least five (5) years of experience with manufacturing, obtaining, delivering, installing, maintaining and/or supporting the product lines of products, equipment, services or software offered. AEPA and/or its Member Agencies reserve the right to accept or reject newly formed companies or companies failing to demonstrate their abilities or capacity solely based on information provided in the bid response and/or its own investigation of the company.

E. Bid Security

If required, bids shall be accompanied by a satisfactory bid security. This will vary by category and will be noted in Part B. A bidder must include a PDF copy of the bid security with their response on Public Purchase. The Bidder must mail and AEPA must receive the official bid security by the bid due date and time in order to be considered responsive. If a Bidder fails to submit a copy of the bid security via Public Purchase and/or fails to submit the bid security by the due date and time, its response shall be deemed non-responsive and will not be considered.

When a bid security is required, the amount of the bid security for each category will be listed in Part B. An acceptable bid security will have the principal being the Bidder and the Association of Educational Purchasing Agencies listed as the Agency of Record. Bid Security may be a one-time bid bond underwritten by a surety company licensed to issue bid bonds in the state of Nevada and said surety to be approved in federal circular 570 as published by the United States treasury department or the equivalent in cash or an irrevocable letter of credit from a FDIC financial institution. A “Market Basket” is a list of items typically purchased by AEPA Member Agencies and their Participating Entities that represent a cross-section of the types of those items purchased. The selection and quantity of line items evaluated will be at the sole discretion of the AEPA evaluators;
- f. Based on the cost evaluation, a recommendation will be made to approve a single Bidder or make a multiple Bidder award.

H. Contract Award and Implementation

An AEPA oversight committee will perform initial bid response review and evaluation and will prepare and make a recommendation to AEPA for its consideration and approval. Those selected Bidders who are approved by AEPA will then be considered by the individual AEPA Member Agencies for contract award. It should be noted that once AEPA has approved the bid response, a Bidder becomes a “Vendor Partner” for AEPA.

Recommendations for approval by AEPA will be posted to Public Purchase and the AEPA website on March 29, 2018. Bidders who are being recommended to AEPA by the Bid Committees and will have their proposal reviewed at the Spring Meeting, April 16 – 17, 2018, will be invited to present for 15 minutes, if approved by AEPA, to the group to educate all 26 states on your company, products, etc.

Once the approved Bidders have been notified, it is their responsibility to contact those AEPA Member Agencies (up to 26) who had indicated an interest in participating and send Forms A and B to each of the participating AEPA Member Agencies. Each AEPA Member Agency will review, evaluate and determine which, if any, it will award contracts to.

The approved Vendor Partner and the AEPA Member Agency will hold final contract negotiations, if necessary, to work out state specific details of contract implementation including:

1. Acquiring additional information and having discussions on how the awarded contract will be executed.
2. Signing the contract with the AEPA Member Agency.
3. Jointly develop marketing strategies and a plan for contract roll-out activities to the AEPA Member Agency’s Participating Entities (Advertising, flyers, website access, etc.).
4. Establish how orders will be processed, handled and reported.
5. Contract management: Establish how and by whom the day-to-day contract management will be handled and who will be the AEPA Member Agency’ representative.

It is not guaranteed that each AEPA Member Agency will enter into a contract with AEPA approved Vendor Partners. The final decision as to the appropriateness of a contract for a Member Agency rests solely with that AEPA Member Agency.

III. Responsibilities Of A Vendor Partner

- A.** As an approved AEPA Vendor Partner, the following is expected in support of the contract:
1. Designate and assign a dedicated senior-level contract manager (one authorized to make decisions) to each of the Member Agency accounts. This employee will have a complete copy and must have working knowledge of the contract.

7. Have ongoing communication with the Bid Oversight Chairperson, AEPA Member Agencies and the Member Agencies Participating Entities.
8. Annually attend two (2) AEPA meetings: Annual meeting which is typically in April and the Winter Meeting which is typically the end of November or early December and has historically been held in conjunction with the Association of Educational Service Agencies (AESA) annual conference. At the Annual meeting, Vendor Partners participate in a round table meeting with each of the AEPA Member Agencies. Vendor Partners that have paid the registration fees can participate in the meetings.
9. Trade show support: Strongly encourage participation in national and local conference trade shows to promote the AEPA contracts including, but not limited to the Association of School Business Officials (ASBO), the National Institute of Governmental Purchasing (NIGP), and the National Association of Educational Procurement (NAEP).

Marketing efforts may include but not be limited to the education and use of sales force, a website presence, electronic mailings, brochures, mailings, etc.
 3. Develop marketing materials for the Member Agency to use that would include representation of the awarded contracts. Materials may include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc. as determined by the respective Member Agency and what works best within their state.

 6. Attendance at the two (2) AEPA meetings which provides for opportunity to interact with Vendor Partners.

V. General Terms and Conditions For All Agencies

For the purposes of this INVITATION FOR BID, the following terms shall be defined as indicated below:

Administrative Fee: The percentage of sales that each Vendor Partner pays the Member Agency for sales in their respective state or states that they extend the AEPA pricing to. Administrative Fees shall be paid to each Member Agency on a quarterly basis. See the Summary of State General Overview for the administrative fees by Member Agency (state).

Advertising: Vendor Partner shall not advertise or publish information concerning this contract prior to the award being announced by the AEPA Member Agencies. Once the award is made, the Vendor Partner may advertise to the individual Participating Entities that products/services are available. Vendor Partner shall submit ad copy to the AEPA Member Agency for review and approval prior to issuing the advertisement.

AEPA Bi-Annual Meetings: AEPA holds two general meetings each year: one in the Spring (usually in the month of April or May) and the other in the Fall (currently the week after Thanksgiving). AEPA requires that all successful contract holders attend both meetings and participate in the vendor round tables at the Spring meeting. AEPA request that all vendor partners register in advance and stay at the AEPA official hotel if rooms are available. All registrations for the meetings are required by the official registration due date as announced by AEPA.

AEPA Member Agency: Refers to the entities identified in the table on page two of this document and are listed on the table presented in Part B - Specifications, Item 3: Anticipated Member Agency Participation on this bid, that has chosen to participate in this bid/category. "Direct or Indirect Participation" may include their involvement through the formulation of any part of a procurement activity; the influencing of the content of any term, condition and/or specification; the evaluation, investigation, auditing and/or the rendering, of advice, recommendation, decision, approval, disapproval and the award and implementation of procurement contract. Not every listed entity may elect to participate in this bid once the responses are reviewed and approved.

Amendment of Bid: A bid may be amended up to the time of opening by submitting a sealed letter to the place where the bids are received as indicated on the front of this solicitation.

Applicable Law: The laws of the state of the respective AEPA Member Agency shall govern any resulting contract of this bid. Suits pertaining to this contract may be brought only in courts in the County and State as prescribed by the AEPA Member Agency. Both parties agree that the Uniform Commercial Code, as adopted by the State of the AEPA Member Agency, shall fully apply. The Vendor Partner shall comply with any and all laws, whether local, state, federal or otherwise, applicable to any aspect of the work to be performed in relation to the resulting contract. It shall be the Vendor Partner's responsibility to identify, make themselves aware of and determine the applicability and requirements of any such laws and to abide by them.

Approval and Awarding of Contract: AEPA and its AEPA Member Agencies reserves the right to approve and award a contract to one Bidder, to make multiple approvals and awards, to reject any or all bids in whole or in part, to waive any minor formalities or irregularities in any bids, and to accept bids, which in its discretion and according to law may be in the best interest of the AEPA Member Agencies and their Participating Entities. A response to this solicitation is an offer to contract with the AEPA Member Agencies based upon the terms, conditions, and scope of work and specifications contained in this invitation. A solicitation does not become a contract unless and until it is accepted, recommended and approved by AEPA and awarded by the individual AEPA Member Agency. A contract is formed when an AEPA Member Agency administrator and, if required, an AEPA Member Agency Board approves and signs the Acceptance of Bid and Contract Award Form (see Form B) document, eliminating the need for a formal signing of a separate contract.

Assignment: No right or interest in this contract shall be assigned or transferred by the Vendor Partner without prior written permission by AEPA and its AEPA Member Agencies, and no delegation of any duty of the Vendor Partner shall be made without prior written permission by the AEPA Member Agency. AEPA and its AEPA Member Agencies shall not unreasonably withhold approval and shall notify the Vendor Partner within fifteen (15) days of receipt of written notice by the Vendor Partner.

Audit Rights: In accordance with applicable law of the State of the AEPA Member Agency, the Vendor Partner's books and pertinent records related to this contract may be audited at a reasonable time and place.

Authority: This solicitation, as well as any resulting contract/agreement, is issued under the general authority of the State laws of the AEPA Member Agency and those identified within the AEPA Member Agencies' Specific Terms and Conditions, Part C, (see also Procurement Code below). Internal or external Cooperative Purchasing Agreements between the AEPA Member Agency and Participating Entities may exist.

Bid Opening: Bids shall be opened in the manner designated in this document. The name of each Bidder shall be posted to Public Purchase and the AEPA website.

Bid Security: For specific categories, there are AEPA Member Agencies that require that respondents to a bid submit a form of bid security executed by a surety company authorized to do business in the state of Nevada and said surety

to be approved in federal circular 570 as published by the United States treasury department or the equivalent in cash or an irrevocable letter of credit from a FDIC or nationally recognized financial institution. The requirement for a bid security will be specified in Part B of the IFB. The bid security shall remain in force for a period of One Hundred Twenty (120) days of bid opening. Bid Security must accompany the Vendor Partner's bid response when submitted and uploaded with other bid documents to Public Purchase. If applicable, a hard copy of the bid security must be in the actual possession of AEPA at Oakland Schools, 2111 Pontiac Lake Road, Waterford, MI 48328, on or prior to the exact due date and time mentioned in this bid. If the Bidder fails to submit the bid security, its response will be deemed non-responsive.

Bonding: The Vendor Partner agrees to provide all performance and payment bonds executed by a surety company authorized to do business in the individual AEPA Member's state and said surety to be approved in federal circular 570 as published by the United States treasury department, the state or the local governing authority, in an amount equal to one hundred percent of the price specified in the contract; when required by an AEPA Member Agency or Participating Entity at the time a contract is executed. If the Vendor Partner fails to deliver any required performance or payment bonds, the AEPA Member Agency or Participating Entity shall not execute the contract with the Vendor Partner and the appropriate AEPA Oversight Committee shall be notified of such failure and shall take the appropriate action.

Brand Names: The use of the name of a manufacturer, brand, make or catalog number does not restrict the Bidder. Brand names and model numbers are used to indicate the character, quality and/or performance equivalence of the commodity on which bids are submitted. Bidders may submit alternates. However, the AEPA reserves the right to decide whether alternatives to the identified manufacturer and brand are in fact equal to the product, equipment and/or service described in the invitation. AEPA's decision shall be final.

Buyer: Identifies the AEPA Member Agencies and their Participating Entities that acquire and purchase commodities, supplies, materials, equipment and services under AEPA Member Agencies' awarded contracts.

Captions, Headings and Illustrations: The captions, illustrations, headings and subheadings in this solicitation are for convenience, enjoyment and ease of perusal only and in no way define, limit or describe the scope or intent of the request.

Christian Doctrine: Any federal, state and local governing authority's/jurisdiction's statutes, codes, rules and regulations referenced and/or govern the products, services and activities relating to and are part of this solicitation, whether or not physically noted or included, shall be complied with and adhered to as required. It is sole responsibility of the Bidder to perform and complete any necessary research and investigation required to make themselves aware of and comply with this item.

Clarification: As used in this solicitation, clarification means communication with a Bidder for the sole purpose of eliminating minor irregularities, informalities or apparent clerical mistakes in the bid. It is achieved by explanation or substantiation, either in response to an inquiry by the AEPA Member Agency or as initiated by the Bidder. Clarification does not give the Bidder an opportunity to revise or modify its bid.

Commercially Available Catalog: A published paper catalog or an online website that is widely distributed or accessible. It is made available to the general public or schools and contains a verifiable price, along with product descriptions, SKU numbers, and photographs. A commercially available catalog is distinct from a custom catalog or website, whose prices and offerings are tailored to niche audiences.

Competitive Range: AEPA and its AEPA Member Agencies reserve the right to establish a competitive range of acceptable responses as part of the evaluation process as defined herein. Responses below the competitive range will be determined to be unacceptable and will not receive further consideration.

Contract Documents: AEPA Member Agency will review proposed contract documents. Vendor Partner's contract document shall not become part of AEPA Member Agency's contract with Vendor Partner unless and until an authorized representative of an AEPA Member Agency reviews and accepts it.

Construction: Each AEPA Member Agency within their state statutes defines what constitutes construction, identifies the policies, rules, regulations and codes that govern construction projects. AEPA has defined construction as building, altering, repairing, installing or demolishing in the ordinary course of business any road, highway, bridge, parking area or related project; building, stadium or other structure; airport, subway or similar facility; park, trail, athletic field, golf course or similar facility; dam, reservoir, canal, ditch or similar facility; sewage or water treatment facility, power generating plant, pump station, natural gas compressing station or similar facility; sewage, water, gas or other pipeline; transmission line; radio, television or other tower; water, oil or other storage tank; shaft, tunnel or other mining appurtenance; electrical wiring, plumbing or plumbing fixture, gas piping, gas appliances or water conditioners; air conditioning conduit, heating or other similar mechanical work; or similar work, structures or installations. Construction shall also include: leveling or clearing land; excavating earth; drilling wells of any type, including seismographic shot holes or core drilling; and similar work, structures or installations.

Cooperative Procurement: Some individual state procurement codes may contain cooperative purchasing statutes that state any state agency or local public body may either participate in, sponsor or administer a cooperative procurement agreement for the procurement of any services, construction or items of tangible personal property with any other state agency, local public body or external procurement unit in accordance with an agreement entered into and approved by the governing authority of each of the state agencies, local public bodies or external procurement units involved. The cooperative procurement agreement shall clearly specify the purpose of the agreement and the method by which the purpose will be accomplished. Any power exercised under a cooperative procurement agreement entered into pursuant to each state's procurement code shall be limited to the central purchasing authority common to the contracting parties, even though one or more of the contracting parties may be located in different states.

Cooperative Purchasing Contracts: The Bidder agrees that all the prices, terms, warranties and benefits granted by the Bidder to AEPA Member Agencies or Participating Entities through this contract **will be equal to or better than** those offered to any present or future customer or cooperative that have equal or lesser volume. If the Bidder shall, during the term of this Contract, enter into arrangements with any customer or cooperative providing greater benefits or terms that are more favorable, the Bidder shall notify the AEPA oversight committee chairman and offer said prices, terms, warranties and benefits to all AEPA Member Agencies. The following shall be noted:

1. AEPA and its AEPA Member Agencies reserves the right to accept or reject the Bidder's response if it is determined it does not comply with the above based on their knowledge, investigation, review and findings of Bidders' submitted prices.
2. In the event the Vendor Partner offers lower prices to another customer or cooperative, AEPA and its AEPA Member Agencies shall notify the Vendor Partner of the deviation and request written justification. Based on AEPA and its AEPA Member Agencies' investigation, review and findings, AEPA reserves the right to take following actions: to request the Vendor Partner to immediately adjust its AEPA's offered prices to match the lower prices offered, to work with the Vendor Partner to mediate and resolve the situation; or to notify the Vendor Partner that it intends to suspend and/or terminate their contract.

Cost of Bid Preparation: Neither AEPA nor any AEPA Member Agency shall reimburse the cost of developing, presenting or providing any response to this solicitation.

Credit Hold: The Bidder must agree not to place the AEPA Member Agency and/or its Participating Entity on "credit hold" without 10-days advanced notice in writing, either by letter, facsimile or email to the AEPA Member Agency and the Participating Entity. [The AEPA Member Agencies believes it is better for the Vendor Partner if the AEPA Member Agency places the slow-paying Agency Member on "credit hold;" if a Vendor Partner places the Participating Entity on credit hold, agencies that pay promptly are penalized. If, on the other hand, the Member Agency places the offending Participating Entity on "credit hold", payment is more likely to result and only the offender is disciplined.

Delivery Terms, Conditions and Requirements

1. **Delivery:** is to be made within the specified time identified in Part B Specifications for each bid category, unless otherwise stipulated in writing and accepted by all parties (Buyer placing order and Vendor Partner). The Vendor Partner agrees to notify Buyer if an order cannot be processed within the specified period and/or the agreed upon timelines.
2. **The title and risk of loss of material or service:** shall not pass to the Buyer purchasing the material or services until it actually receives the material or service at the point of delivery and they have been accepted, unless otherwise provided within this document or individual project's contract.
3. **Ownership of products and services:** happens only after receipt and acceptance of delivery by the Buyer. The Buyer will be the determining judge of whether materials and services delivered under the purchase order/contract satisfy the specifications and requirements as identified in the contract/order.
4. **Fungible Goods:** Title to an undivided share or quantity of an identified mass of fungible goods will not pass to a Buyer until a separation of the purchased share has been made, delivered and received.
5. **Shipping Terms:** See Part B Specifications to determine how the shipping and handling costs are to be addressed; this varies based on the specific bid category. Vendor Partner shall retain title and control of all goods until they are delivered and received. All risk of transportation and all related charges shall be the responsibility of the Vendor Partner. Shipping shall be F.O.B. destination. The Vendor Partner shall file all claims for visible or concealed damage. AEPA Member Agency, or the receiving Buyer, will notify the Vendor Partner and/or Freight Company promptly of any damaged goods and shall assist the freight company/Vendor Partner in arranging for inspection. No F.O.B. vessel, car or other vehicle terms will be accepted.
 - a. **Shipping Costs:** Products may be shipped without additional cost. If shipping is allowed per Part B Specifications and charged, the actual cost of delivery may be added to an invoice. No COD orders will be accepted.
 - b. **Shipment under Reservation:** Vendor Partner is not authorized to ship materials under reservation and no tender of a bill of lading will operate as a tender of the materials.

- c. **Shipping Errors:** Vendor Partner agrees that shipping errors will be at the expense of the Vendor Partner. For example, if a Vendor Partner ships a product that was not ordered, it is the responsibility of the Vendor Partner to pay for return mail or shipment.
6. **Stored Materials:** Upon prior written agreement between Vendor Partner and Buyer, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. Such materials must be stored and protected in a secure location, and be insured for their full value by Vendor Partner against loss and damage. Vendor Partner agrees to provide proof of coverage and/or addition of Buyer as an additional insured upon Buyer's request. Additionally, if stored offsite, the materials must also be clearly identified as property of Buyer and be separated from other materials. Buyer must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Buyer, it shall be Vendor Partner's responsibility to protect all materials and equipment. Vendor Partner warrants and guarantees that title for all work, materials and equipment shall pass to Buyer upon final acceptance. Payment for stored materials shall not constitute final acceptance of such materials.
7. **Improper delivery:** Unless contrary to other parts of this solicitation, if the goods, services or tender of delivery fail in any respect to conform and adhere to the terms, conditions, specifications of the resulting contract based on this solicitation and/or the individual Buyer's contract/order. 8. **Defective Goods:** Vendor Partner agrees to pay for return shipment on goods that arrive in a defective or inoperable condition. Vendor Partner must agree to arrange for return shipment of damaged goods.
9. **Liquidated Damages:** The Buyer may suffer financial loss if the project is not substantially complete or products or services are not delivered on the established date. The Vendor Partner (if applicable Surety) shall be liable for and shall pay to the Buyer, not as a penalty, the sums that may be hereinafter agreed upon as liquidated damages per calendar day of delay until the work and/or delivery is determined by Buyer to be complete and/or delivered. Liquidated damages will be determined on a project-by-project basis.
10. **No Replacement of Defective Tender:** Every tender of materials must fully comply with all provisions of this contract. If tender is made which does not fully conform, this shall constitute a breach and Vendor Partner shall not have the right to substitute a conforming tender without written consent of all parties involved.
11. **Default in One Installment to Constitute Total Breach:** Vendor Partner shall deliver conforming materials in each installment or lot of this contract and may not substitute nonconforming materials. The AEPA Member Agency reserves the right to declare a breach of contract if the Vendor Partner delivers nonconforming materials or services to any Buyer under this contract.
12. **Restocking Fees:** A restocking fee may only be charged on products ordered and that have been delivered to the Buyer's site in accordance with the order/contract. Restocking fees in excess of 15% will not be allowed. Restocking fees may be waived, at the option of the Vendor Partner. The Vendor Partner must identify, specify and justify any exceptions or deviations taken.

Deviations or Exceptions to Requirements: Deviations or exceptions stipulated in a Bidder's proposal may result in rendering of the response non-responsive. AEPA and its AEPA Member Agencies reserve the right to determine whether the deviation or exception does or does not serve the interest of or is not advantageous or acceptable to AEPA, its AEPA Member Agencies or Participating Entities.

Disbarment and Suspension: By signature accepting Terms and Conditions, it is certified on behalf of the company and their key employees that neither the company nor its key employees have been proposed for debarment, debarred, or suspended by any State or Federal Agency within the last five years.

Usage depends on the actual needs of the AEPA Member Agencies, their Participating Entities and the marketing by the Vendor Partner.

Vendor Partner shall comply with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C.) 187 [h], and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et. If either party is delayed at any time by force majeure, the delayed party shall notify the other party in writing of such delay within forty-eight (48) hours.

Pricing: Within Part B: Bid Specifications and in the required forms, AEPA has identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit bid prices. The Vendor Partner agrees that the cost for any item bid or offered on this contract will be uniform for all states, and that any differences in pricing are due to state specific installation and labor costs, AEPA Member Agency's Administrative Fee, etc. The Bidder must provide their pricing as requested utilizing the various pricing methodologies specified. **The Bidder/Vendor Partner must agree that they will not offer or provide a better price to any individual entities or cooperatives with equal or lesser volume than that through AEPA.** Please note the following that relate to pricing:

1. **Primary Pricing Strategies:** All Bidders will be required to submit "Primary Pricing" in the form of either "Catalog Pricing" or "Line-Item Pricing" or a combination of these two pricing strategies as defined in Part B, bid specifications. Bidders are also encouraged to offer OPTIONAL pricing strategies including "Hot List" and "Volume Discounts".
 - a. **Catalog Pricing:** Catalog pricing is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price, catalog price, published price or list price. The discounts may be for the entire commercially available catalog, for specific products, product lines, manufacturers or category of products as determined by the Bidder.
 - a. **Discounts:** Discount offers must clearly identify percent of discount to apply to a commercially available catalog, manufacturer, MSRP, retail or nationally published price lists. Bidders shall identify and stipulate if the discounts apply to the entire catalog/price list, specific product lines, manufacturers and/or categories of

products. Bidder shall agree that there will be no reduction in discount(s) during the term of the contract.

- b. **New Catalogs/Price Changes:** New catalogs and corresponding nationally published price lists may be submitted throughout the term of the contract and shall be submitted to the AEPA Contract Oversight Committee for review prior to release to all AEPA Member Agencies. Prices may change based on manufacturer's price changes, new published pricing or price lists, but the original discount bid shall remain firm for the duration of the contract.
 - c. **Core List:** In a Catalog Priced bid, a category (i.e. office supplies) may include a "core list" which contains a selection of the most commonly used products/services with the expectation that a deeper discount would be bid for these items. If a new catalog and price list is published during the contract term, the original discounts shall be applied to the new published prices to establish the AEPA price for these core items.
 - d. **Product Addition/Discontinuation:** New products, within the same scope of work, may be added at the established percentage discounts at any time. Discontinued products may be dropped at any time during the year. In the event a Core item is discontinued by the manufacturer during the term of the contract, Vendor Partner is required to add a functionally equivalent substitute at the same discount structure.
- b. **Line-Item Pricing:** Line-item pricing is utilized when products and/or services that are broken down in detail by element, component, product categories, product type and each product and/or service is presented as an individual item which needs to be combined with other items to make up a final project or solution. The Bidder offers firm pricing for specific line items in response to this bid; a project's cost is derived by the Vendor Partner preparing and providing a quote based on the project's terms, conditions and requirements based on the line item pricing provided in the bid. The information provided in this bid for each item includes: Product Category, Product Description, Manufacturer, Manufacturer SKU, Vendor SKU, Unit of Measure, Item List Price, AEPA Bid Price.
- a. **Fixed prices:** Prices bid shall be firm until each anniversary date of contract, unless there is an occurrence of one or more economic price adjustment contingencies outlined in the bid. Fixed price offers shall include prices for any and all items.
 - b. **Routine Price Adjustments (Without Economic Price Adjustment):** Vendors may request adjustments to the prices twice a year at the time of renewal at the AEPA Spring and Winter meetings. Vendor Partner's must submit a fully documented written request to the AEPA Contract Oversight Committee thirty (30) days prior to the AEPA meeting. The request must specifically detail and document the cause and/or reason for price changes and include any supporting documentation (manufacturer's letter, indexes, etc.). All price changes require approval by the AEPA Member Agencies.
 - c. **Unpredictable Economic Price Adjustment:** If economic price adjustment contingencies occur, Vendor Partner may submit a fully documented request (manufacturer's letter, indexes, etc.) for price adjustment to AEPA Contract Oversight Committee for review and approval by the committee and the AEPA Member Agencies. The documentation must substantiate the cause and/or reason for the requested price increase and demonstrate that it was unpredictable at the time of bid submittal and/or contract renewal and out of the Vendor Partner's control. Pricing will take effect thirty (30) days after approval and acceptance.
 - d. **New Products/Services:** Vendor Partner may submit new products or technologies that are within the original scope of work for the bid, to be added to the contract pending review and approval of the AEPA Bid Oversight Committee and AEPA Membership. Requests should be submitted to the AEPA Contract Oversight Committee thirty (30) days prior to the AEPA Winter or Spring meeting.

- c. **Automated System for Pricing (ASP):** The method consisting of an ASP and/or software application (RSMMeans, Gordian) that is self-contained and consists of a turn-key solution that includes a complete line-item listing of all of the products, supplies, materials, equipment, services, accessories and options with their description, specifications, terms, conditions and associated pricing for each item, sub-assemblies and/or assemblies. The Bidder provides a percent of discount or fixed multiplier/factor to be applied to total project cost to allow for individual state conditions and requirements and to arrive at the AEPA price.
- d. **RSMMeans (Construction Related Bids only):** It is important for Vendor Partners to breakout all costs (quantity and price) of all items listed under RS Means or an Alternative Pricing method. This includes all quoted items not on the approved AEPA bid submittal. The following are minimum requirements for using RSMMeans for quoting projects to AEPA Member Agencies:
- i. The Contractors must use the current year and standard cost data. Only the following cost data titles will be excepted,
 - a. Building Construction Cost Data Book
 - b. Facilities Construction Cost Data
 - c. Facilities Maintenance & Repair Cost Data
 - d. Site Work & Landscape Cost Data Book
 - ii. All work proposed under RSMMeans must use RSMMeans format, even if subcontractors are used.
 - iii. An RSMMeans spreadsheet must be submitted to substantiate the quote given to the AEPA Member Agency. The spreadsheet columns must reveal the full RSMMeans number and a sufficient amount of the description. This also applies to change orders.
 - iv. Pricing must be done by Location codes. National Average will not be allowed. In order to choose the “closest” location code, the first three (3) numbers of the zip code will be used to determine the city location index in the AEPA Member Agency State.
 - v. The AEPA contract holder factor, bonding cost, AEPA discount and taxes if applicable must be shown as separate line items at the bottom of the RSMMeans spreadsheet. This information can be shown on a separate summary sheet. The summary sheet must start with the RSMMeans spreadsheet total and show the detail for each of the items stated above. This detail will be provided to that AEPA State Agency and the AEPA Buyer as required.
 - vi. All change orders which list items covered by RSMMeans must be supported by an RSMMeans spreadsheet.
- e. **Alternative Method of Costing:** This method covers any product and/or service not covered by catalog pricing, published price list, line-item price list, automated system for pricing, or is a product and/or service due to the projects or applications specifications, conditions and /or requirements that need to be custom designed, developed, manufactured and/or produced to meet the requirements of an individual, project or sole source. The alternative pricing is calculated as follows:
- i. The Bidder must prepare, issue and receive three written quotes from available suppliers and select the supplier that offers the products and services that meet the stipulated requirements and specifications and the most cost effective solution. All quotes must be made available upon request.
 - ii. The Bidder must indicate the percent of overhead and /or markup as part of the their response to be added to these costs to obtain the normal and customary retail price.
 - iii. The AEPA price is calculated by taking the product and services to cost to the Contractor plus the indicated percent of profit/overhead to equal the normal and customary retail price. The Contractor will then subtract the approved AEPA discount to obtain the AEPA price. Example: item cost \$1,000; percent of profit/overhead of 20% equals retail price of \$1,200; less the AEPA discount of 10% or \$120 equals the AEPA price of \$1,080.

2. **Secondary Pricing Methods (Catalog Bids only, see Part B for category designation):** Bidders are required to offer Customized Price Lists (Catalog Bids ONLY) and encouraged to offer Hot Lists and Volume Discounts as follows:
- a. **Customized Price List:** Bidders are required to offer customized price lists to Participating Entities for items within the Bidder's Commercially Available Catalog for Catalog Bids ONLY (not pertinent to Line Item Bids). Customized price lists shall be allowed under the following conditions:
 - i. Up to 100 items within the Vendor Partner's Commercially Available Catalog may be included on the customized price list providing they are not already on the Core Item list.
 - ii. Items are to be determined by the Participating Entity; Vendor Partner may object to up to ten (10) of the suggested items proposed by the customer and must offer substitutes until an agreement of the customized list is reached.
 - iii. Items on the customized price list shall be sold with an additional discount (deeper than what was originally bid on the non-core or catalog discount)
 - iv. Items may not include special order or customized service products unless agreed to by the Vendor Partner.
 - b. **Hot List Pricing:** Bidders are invited, at their option, to offer a selection of products/services, defined as a Hot List, at greater discounts than those listed in the standard catalog or core list discounts. Special, time-limited reductions are permissible under the following conditions: The price reduction is available to all AEPA Member Agencies equally. The price reduction is for a specific time period, no less than thirty (30) days. May be used to discount and liquidate close-out and discontinued products/services as long as those items are clearly labeled as such. The original price for products/services is not exceeded after the time limit. The AEPA Oversight Committee and all AEPA Member Agencies shall be notified of any special or time limited price reduction. New prices must be on record fifteen (15) days prior to any offer of the new prices being proposed or offered to AEPA Member Agencies and Participating Entities. Pricing for all Hot List items must be updated on the Vendor Partner's online catalog and submitted to all AEPA Member Agencies in an electronic format that can be posted to websites, emailed and shared with Participating Entities/Buyers.
 - c. **Volume Price Discounts:** Bidders are encouraged to offer additional pricing discounts that may be offered for a group of agencies in a local geographic area that desire to combine requirements (one time purchase or annual spend), i.e. local city, county, school district(s), etc. and/or for large one time purchases. Additional volume price discounts are permissible under the following conditions: Discounts should be tiered and based on spend ranges as established by the Bidder on the Pricing Forms. Volume determination shall be determined between the Vendor Partner and the individual Buyers on a case-by-case basis. All additional discounts are to be offered equally to all AEPA Member Agencies and Participating Entities and be based on the Volume Price Discounts originally bid providing the same or similar volume commitment, specific needs, terms and conditions, a similar time frame, seasonal considerations and provided the same manufacturer support is available to the Vendor Partner.

Prime Vendor Partner: For the purpose of this bid, a Vendor Partner will be considered a prime Vendor Partner and not a Subcontractor. By mutual written agreement, the contract may be extended for three additional 12-month periods, ending on the last day of ebruary. AEPA may choose to recommend the contract extension. If so recommended, an individual Member Agency may choose, at their sole discretion, to extend the contract. In the event AEPA does not recommend or approve a contract extension, a Member Agency reserves the right to offer month-by-month extensions not to exceed six (6) months until a new contract is awarded by that Member Agency.

Termination by Non-Approval of AEPA: AEPA Member Agencies on annual basis assess, evaluate and review existing AEPA vendors to determine if the organization as a whole desires to extend its approval of those vendors. Such cancellation shall be effective when the parties to this contract receive written notice from the AEPA Member Agency unless the notice specifies a later time. Cancellation by one AEPA Member Agency does not require other Agencies to cancel their contracts.

The Vendor Partner, after receipt of a "Notice of Termination," shall not accept any new orders after the termination date specified in the notice. Vendor Partner may cancel this contract upon written notice to the AEPA Member Agency prior to the intended termination date (or on the yearly anniversary of the bid). Any termination shall have no effect on projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

Termination for Default: If either party is in default under this contract, it shall have an opportunity to cure the default within the time indicated (ten business days in most states) after it is given written notice of default by the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party shall have ten business days to provide a satisfactory response to the AEPA Member Agency. Failure on the part of the

defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party shall have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement shall not constitute a waiver of any of the parties' rights hereunder. The AEPA Member Agency reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Vendor Partner, or if the Vendor Partner fails to comply with any contract terms and conditions, or fails to provide the AEPA Member Agency, upon request, with adequate assurances of future performance. In the event of termination for cause, the AEPA Member Agency shall not be liable to the Vendor Partner for any amount for supplies or services not accepted, and the Vendor Partner shall be liable to the AEPA Member Agency or any Participating Entity for any and all rights and remedies provided by law. Values placed on trade-in products are between the Buyer purchasing the new unit and the Vendor Partner.

Type of Bids: Due to the various types, kinds and levels of products and services solicited by AEPA in its IFBs; the various pricing methodologies and/or methods utilized and offered to price the various products and services offered; and the type of contracts that results from any one of AEPA's/bids, AEPA has established the following two types of bids.

1. **Catalog Bid:** A catalog bid is utilized when the products and /or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price or prices in a Commercially Available Catalog. The discounts may be for the entire Catalog for specific products, product lines, manufacturers or category of products as determined by the Bidder. See the Pricing section for detailed information on Catalog pricing.

2. **Line Item Bid:** A Line-item bid is utilized when the products and services solicited cannot be identified or listed as a single unit; consists of a number of different variable and configurations, it is necessary to identify the specific project or application; the end product or solution is made of individually priced elements or components and the end product's or solutions' cost is derived by the Vendor Partner specially prepared and providing a quote based on the project's terms, conditions and requirements. See the Pricing section for detailed information on Line-Item pricing.

Vendor Partner: Bidder who has been approved and awarded a contract for the delivery of construction, tangible personal property, supplies, or services in response to this IFB.

Vendor Partner Contact: Vendor Partner will designate one individual who will represent them to the AEPA, its AEPA Member Agencies during the contract period. This contact person will correspond with each AEPA Member Agency for technical assistance, problems, or questions that may arise. If other staff, distributors and/or independent Vendor Partners will be performing the sales or support functions for different geographical areas (states), Vendor Partner shall include instructions and contact information that can be distributed to AEPA Member Agencies upon approval of this bid.

Warranty: Vendor Partner warrants that all commodities, supplies, materials, equipment, software and service delivered under this contract shall conform to the specifications of this contract. All items should carry a warranty equal to the intended life cycle or a minimum 12-month manufacturer's warranty that includes parts and labor unless otherwise specified and agreed to. The manufacturer has the primary responsibility to honor a manufacturer's warranty; a distributor or dealer agrees to assist the purchaser reach a solution in a dispute with the manufacturer over a warranty's terms. Any extended manufacturer's warranty will be passed on to the Buyer. For example, if a voice board has a three-year warranty, but the board is in a turnkey system that has a one-year warranty, the voice board's three-year warranty must be honored by the manufacturer and the Vendor Partner. All extended warranties must be passed on, without exception. If, upon discovery, the Vendor Partner charges a Buyer for a replacement part that the Vendor Partner actually received at no cost under a warranty, the Vendor Partner will rebate the amount billed and the Buyer reserves the right to cancel the contract.
